Title : _____

Uniform Interstate Application/Notice Application Instructions

I. GENERAL INFORMATION

This "Uniform Application" was developed by the State/Federal Working Group for the purpose of reducing regulatory burden, by eliminating the need for banks to file multiple different application forms for common applications. Provision of the information in this application will meet the normal regulatory and statutory requirements of all state and federal bank regulatory agencies. In that minority of cases where additional information is required, the applicant will receive a separate request for additional information to supplement the application. This form may also be used for filing a "Notice" where no formal application is required.

II. FILING INSTRUCTIONS

File one copy of this application with the Home State Regulator (Licensing Agency) and with the bank's primary federal regulator -- Federal Deposit Insurance Corporation (FDIC) or Federal Reserve Bank (FRB). The Home State Regulator will distribute copies to other interested states as necessary. Member banks have the option of either submitting this form to the FRB or following the FRB's notice requirement in the case of establishing a branch. In addition, for any branch application state nonmember banks may submit this form to the FDIC or submit a letter application to the FDIC containing all the information required in Part 303 of FDIC Rules and Regulations.

III. TYPE OF APPLICATION

Circle whether this filing represents an application or whether it is being made for "notice" purposes only, then check the appropriate box for establishment, discontinuance, or relocation. Also check whether the application concerns a "branch office"; "place of business" other than a branch office, such as a "loan production office" (LPO) or representative office; or an "automated service location", such as a stand-alone automated teller machine or cash dispensing machine. The activity conducted at the location will determine whether the office is considered a "branch" under state or federal statutes.

IV. APPLICANT INFORMATION

A.	Name and Address:	Bank's full name and headquarters office address.
B.	Contact Person	Provide the name and address of the individual assigned to handle any inquiries or requests concerning this application.

C.	Official Name/Trade Name:	Provide the official name and the trade name, as applicable, for the proposed office.
D.	Proposed Location:	Provide the complete street address of the location where the bank wishes to establish or relocate a new physical facility.
E.	Address of Office to be Discontinued:	If the application involves the discontinuance or relocation of an existing facility, provide the address of the location where the business will be discontinued.
F.	Proposed Effective Date:	Indicate the date the bank wishes the change to be effective. A subsequent notice of when the change actually took place may be required.

ANSWERS TO THE FOLLOWING QUESTIONS SHOULD BE PROVIDED IN LETTER FORM, AND ATTACHED TO THE APPLICATIONS COVER SHEET.

V. APPLICATION DETAILS

- 1. Provide a brief description of the services to be offered at the location, such as "full service branch", "trust services" or "mortgage loan origination." It is not necessary to provide a complete laundry list of proposed activities, just the principal purpose of the office.
- 2. If the proposed transaction involves an officer, director or ten (10) percent shareholder, or their interests, please provide details concerning any financial arrangements relating to fees, the acquisition of property, leasing of property, and construction contracts.
- 3. Provide an affirmative statement as to why the proposed transaction meets relevant standards for public convenience and advantage. Brief comments such as "will be adding new services" or "new competitor to the area" will generally be sufficient. In cases where the public benefit from the transaction becomes more problematic, greater detail of the perceived benefits will be required.

<u>Note</u>: Many state application requirements parallel federal requirements. Check with the home state regulator to determine whether your institution must file either a notice or application.

QUESTIONS 4–9 APPLY ONLY TO APPLICATIONS INVOLVING THE ESTABLISHMENT, RELOCATION, OR DISCONTINUANCE OF A BRANCH OFFICE. THEY NEED NOT BE ANSWERED FOR OTHER TYPES OF APPLICATIONS.

- 4 "The Riegle-Neal Interstate Banking and Branching Efficiency Act" makes initial entry, and subsequent branch expansion, subject to the laws of the individual states where the branch is to be located. If the state where the branch is to be located imposes limitations on the establishment of branch offices, please provide an affirmative statement that the proposed branch office will be in compliance with any restrictions in existence.
- 5. The primary federal regulator and many states have requirements for public notification of the establishment, and particularly the discontinuance, of any branch office. In response to this question, please provide information concerning what public notification steps have been undertaken or contemplated, including a copy of any required notice through newspaper publication with an indication of the date and place of such notification. Responses will be evaluated in relation to statutory requirements. Some relocations may be considered branch closures and subject to the customer notice requirement of 90 days specified in the "FFIEC Policy Statement Concerning Branch Closing Policies," issued in September 1993.
- 6. The primary federal regulator and many state supervisors require information regarding the reason why an institution is discontinuing a branch. Please state the specific reason(s) for discontinuing the branch and provide statistical or other information in support of such reasons consistent with the institution's written policy for branch closures.
- 7. The primary federal regulator and many state supervisors are required to consider the bank's compliance with the Community Reinvestment Act (CRA), or a state equivalent, before approving new branch offices. If the bank's most recent CRA evaluation was not at least satisfactory, provide detailed justification as to why the deficiencies in the bank's CRA compliance should not preclude approval of the branch application. Where the bank's most recent CRA evaluation was "Needs to Improve" or worse, consult with the appropriate regulator before filing an application for a branch office.
- 8. Banks should provide documentation as to whether the branch will be in a location that is included in or eligible for inclusion in the National Register of Historic Places.
- **9**. Please provide an affirmative statement that the establishment of the proposed branch office will be in compliance with any relevant local zoning ordinance. For nonmember banks, also briefly indicate the effect upon local traffic patterns.

For additional information on the application process, contact the FDIC Regional Office, Federal Reserve Bank, or Home State Banking Department before filing an application.
