Purpose and Format

The Task Force was formed earlier this year to examine changes in payment systems to determine the potential impact on consumer protection, state law, and banks and non-bank entities chartered or licensed by the states. This hearing is part of the Task Force's efforts to examine the changing payments landscape to understand the opportunities and the risks of current and emerging technologies, products and services that impact monetary, regulatory and consumer decisions.

The purpose of the hearing will be to seek information from a variety of entities and individuals involved in payments and the payment system. The hearing will include panels on:

- Legacy Payment Systems,
- Retail Payments Innovations, and
- Virtual Currencies.

Each panel will consist of 3 or 4 speakers and will last approximately one hour. The format will provide each speaker with the opportunity to make brief statements prior to a dialogue with the Task Force members.
