27 Teams will examine asset and liability management

Washington, D.C. - Twenty-seven student teams from 21 colleges and universities across the nation have entered the [2024 CSBS Community Bank Case Study Competition](#). Each team has partnered with a local community bank to learn about the closures of Silicon Valley Bank, Signature Bank, and First Republic Bank, identify the case study bank's expectations for regulatory and supervisory change, and how they use social media in their daily operations.

This is the tenth year of the competition, which is open to undergraduate students in all fields of study as an opportunity to gain valuable first-hand knowledge of the banking industry. The teams will undergo three rounds of judging. A list of those who advance to the second round will be announced on May 28. The top three teams will be announced on June 25.

In addition to being invited to present at the annual [Community Banking Research Conference](#), each student member and faculty advisor of the first-place winning team will receive a \$1,000 scholarship.
