### Appendix 3: About the Data

CSBS is providing a complete loan-level PPP file (download that file [HERE](#)) that combines the publicly available files made available on [sba.gov](http://sba.gov). To allow for analysis on depository institutions, CSBS will also be adding FDIC Certificate numbers to this file. When the institution is a bank, the FDIC Certificate number will allow participants to link the PPP data to the quarterly Call Report of Income and Condition, which can be accessed [here](#). CSBS is also providing a sample dataset that can be updated and examined in Excel. Questions regarding the data can be sent to [data@csbs.org](mailto:data@csbs.org). CERT number is based on originating lender not servicing lender.
